EXPERIENCE

Lead Marketer

Sep 2025 – Present

AWS Community (Amazon Web Services) FAST Peshawar

- Spearheaded marketing campaigns to increase awareness of AWS technologies and cloud computing on campus.
- Organized workshops and seminars, effectively bridging the gap between students and industry professionals.
- Managed social media presence and content creation, resulting in increased engagement and event attendance.

Co-Director Career Connect

Sep 2025 – Present

Microsoft Learn Student Ambassadors (MLSA)

- Directed initiatives to connect students with career opportunities in the tech industry.
- Facilitated resume reviews, mock interviews, and mentorship sessions to prepare peers for recruitment drives.
- Collaborated with industry experts to host career guidance webinars and networking events.

PROJECTS

Flight Management System | C++, OOP

- Developed a console-based application using Object-Oriented Programming (OOP) concepts to manage flight schedules.
- Implemented classes for passengers, bookings, and flight routes to ensure modularity and code reusability.

Line Following Robot | Arduino

- Designed and built an autonomous robot capable of navigating a track using IR sensors.
- Programmed the microcontroller to process sensor data and adjust motor speeds in real-time.

Traffic Management System | C++

- Created a simulation to optimize traffic flow at intersections using efficient data structures.
- Modeled road networks and signal timings to analyze and reduce traffic congestion.

Cinema Management System | C++, File Handling

- Built a management system for ticket booking, seat allocation, and movie scheduling.
- Utilized file handling to persist user data and booking records securely.

Personal Portfolio | HTML, CSS

- Designed a responsive personal website to showcase academic projects and technical skills.
- Implemented modern CSS styling to ensure a professional look across different devices.

EDUCATION

FAST National University of Computer and Emerging Sciences

Peshawar, Pakistan

Bachelor of Science in Computer Science

2024 – Present

Unique College

Lahore, Pakistan

Intermediate (ICS)

2022 – 2024

TECHNICAL SKILLS

Languages: C, C++, Java, HTML, CSS, Python

Databases: MongoDB

Tools & Frameworks: VS Code, Git, GitHub

Core Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)
